## Professional Summary

---

I am developer passionate about combining beautiful code with beautiful design. I love learning new and better ways to create seamless user experiences with clean, efficient, and scalable code. I'm looking for opportunities to work with those who are willing to share their knowledge as much as I want to learn.

## Skills

---

- |                    |                               |
